Penultimate Thoughts:

Today was better for almost everybody. Almost everyone got 11 of 12 games correct. The lone upset was MB beating NO. Congratulations to the five people who picked it correctly. I was thrilled when I knew I scored 77 today. That all changed when I entered the results in my spreadsheet and saw that there were 3 perfect days today. Kudos goes out to Derrick Bouma, Gylie Wilcox and Don Catalano (nice picks Don!!). With the most important and potentially biggest day to come it is Don leading the standings but second through twelfth is still close. Good luck to everyone.

There are 26 entries this year. That means the total pot is \$520 this final year.

The total available every day is $\$31.20 * 6 = \187.20

- First overall will get \$130.00
- Second overall will get \$78.00
- Third overall will get \$52.00
- Fourth overall will get \$41.60
- Fifth overall will get \$31.20
